

Arizona State Trapshooting Association

June 1, 2022

Subject: New State Team eligibility Requirements

Dear ASTA Resident Members,

In response to recommendations received from members to upgrade our State Team Requirements during our 2022 Annual Members Meeting held on March 19th at Ben Avery, the Board has taken the following steps.

1. An analysis of nine other State Associations' State Team requirements was conducted and reviewed by the Board on May 7th during our regular Board meeting to compare to Arizona. Those States were: New Mexico, Utah, Wisconsin, Texas, Pennsylvania, Georgia, Kansas, Nebraska and Colorado.
2. In comparison to these States, Arizona proved to be the most lenient of them all and the Board recognized the opportunity presented by our members to enhance our requirements to promote shooting and support of our Clubs here in Arizona.
3. As a result, the Board discussed various requirements of these States and selected four (4) new requirements in addition to our current minimum target requirements for State Team recognition.
4. These new requirements go into effect **September 1, 2022** starting with the new 2023 ATA target year. Candidates meeting these requirements will be selected and recognized during our 2024 State Tournament.
5. Qualification of targets only for the 2022 target year remain in effect for 2022 State Team members and will be recognized during our State Tournament at Tucson Trap & Skeet Club March 14th -19th, 2023.

These new requirements and Arizona State Team Application are located on the Home Page of our ASTA website aztraps.com. You will find them under *ASTA Information*.

If you have any questions, please do not hesitate to contact any Board Representative.

Sincerely,

Greg Holden

ASTA President
